Sandy Resort is a small complex of native style bungalows and rooms situated between the road and the sea. It is a lovers' paradise of swaying coconut palms overlooking an unspoilt white sandy beach. The comfortable accommodations each with an individual verandah are set in welltended landscaped gardens. Here brick

pathways crisscross the emerald lawns and bougainvillea and hibiscus attract the butterflies.

The main reception area, dining room and bar are cool and airy, and enhanced by beautiful orchids. Many nationalities enjoy our varied Thai and international cuisine and, of course, seafood our speciality.

The staff offer friendship courteous service—their aim is to please. So, come and sit awhile on our terrace overlooking the sea, sip a cooling drink, enjoy the sea breezes while watching the sun go down and relax amid the hospitality of Thailand.

YOU WILL NOT REGRET IT!
